**Notice Regarding the Start of publish of Hotels  
on the APP of a Leading Online Travel Agent in Greater China**

Intrance Co., Ltd. (the "Company") hereby announces that that our hotels will be listed on the travel channel of Bidan, a major online travel agent in Greater China, in our inbound travel business, as described below.

Tourists sending business is an overseas sales function (Global Sales Office) that sends guests from Greater China to our group hotels and conducts advertising sales and sending of guests to our own hotels, as well as promoting profitable activities by handling guests to outside hotels.

The company is a subsidiary of Beijing Science and Technology Co, Ltd. which is the largest EC business group in Greater China, and has decided to directly list the hotels it handles in its inbound travel business on "Bidan Hotel," the travel channel of a major online travel agent application, and to accept reservations.

This is a new attempt for a Japanese company to list its hotels on "Bidan" and start receiving reservations directly.

This is expected to have a positive impact on occupancy rates and the unit price of rooms at the hotels operated by our group. It is also expected to contribute to an increase in the volume of tourists sending to non-Group hotels handled by the company, leading to profit growth in this business.

By expanding such transactions, the company aims to establish itself not only as a hotel management company but also as a "business group capable of creating demand for hotel reservations," so please look forward to our efforts.

(About Beijing Science and Technology Co, three fast online)

Company Name: Beijing Science and Technology Co, Ltd. three fast online

Established: 2010

Representative: Wang Xing

HP: [www.meituan.com](http://www.meituan.com)
